PROFESSIONAL EXPERIENCE

Deloitte — Technical Consultant |New York, NY | Jul 2024 - Present

- Was part of **3 $100M+ enterprise finance transformations/implementations** across 4 waves from legacy platforms to SAP S/4HANA and Oracle Finance, supporting the finance and tax workstream's solution architecture, test strategy, defect triage, cutover planning, and go-live deployment with **cross-functional business and technical stakeholders** from 80 global entities
- Automated **internal pricing simulation pipelines** that ingest and validate user-uploaded inputs, orchestrate configurable procedures, generate standardized outputs to consumed by downstream ERP documents, order-to-cash and procure-to-pay processes, trade compliance, and audit validations
- Implemented **Snowflake query pipelines** that automate transformations and query execution for 25 financial/compliance reports, supporting daily/hourly refresh cadence with consistent metrics, validation controls, and higher reporting uptime
- Architected **integration interfaces** across 5 ERP engines/systems by defining data contracts, source-to-target mappings, reconciliation gates, and architecture documentation to support scalable, resilient cross-system production support

Apple — Technical Specialist | New York, NY | Dec 2023 - Jun 2024

- Diagnosed s**oftware issues for iOS, macOS, visionOS**; isolated root causes via systematic reproduction steps and configuration checks while monitoring workflows by tracking software stability, device metrics, latency signals, and issue-resolution cycles
- Supported Vision Pro launch readiness through hands-on device/software troubleshooting; escalated complex cases with structured diagnostics and clear repro notes

Deloitte — Intern | New York, NY | Jun 2023 - Aug 2023

- Built repeatable **Alteryx ETL** workflows supporting **RSU** and **year-end tax** reporting: standardized inputs, applied rule-based data quality checks, reconciled totals to source-of-truth, and generated governed reporting datasets
- Supported **ONESOURCE tax engine implementation/setup** by coordinating requirements, assisting configuration/onboarding activities, and documenting process and data input expectations for stakeholders

Sony — Analyst Intern | New York, NY | Jan 2023 - Jun 2023

- Standardized reporting and reconciliation processes by validating source data and benchmarking calculations to support finance teams; consolidated multiple data sources across entities and automated year-end financial reports

TECHNICAL PROJECTS

AWS Okta JIT Access Broker | Demo

- Designed multi-scope Okta-to-AWS **Just In Time authorization mapping** to **IAM** roles using **STS** AssumeRole and policy controls, with guardrails (group validation, safe defaults, session duration limits) and **CloudWatch** audit logging to prevent privilege escalation across organizational boundaries identity groups

Bodega Cat Map | Live

- Built an AWS serverless crowd-sourced app using **S3** + **CloudFront** for UI, **AWS Cognito** for user authentication, **API Gateway** + **Lambda** for backend processing, **DynamoDB** for data storage/discovery, **AWS Location Service**, and **S3** object workflows

CERTIFICATIONS & TECHNICAL SKILLS

AWS Certified Cloud Practitioner | AWS Certified Solutions Architect - Associate

AWS: IAM, S3, CloudFront, API Gateway, Lambda, DynamoDB, CloudWatch, STS, Cognito, Location Service | Backend/Web: Node.js, JavaScript, REST APIs, CORS, auth patterns, input validation | Analytics/Enterprise: Snowflake, Alteryx, SAP/Oracle finance

EDUCATION

New York University - Stern School of Business - New York, NY

B.S. Finance | Minor: Computer Science and Mathematics | Aug 2020 - May 2024 | GPA: 3.4/4.0
